May 2024 Newsletter

Volume 55, Number 5

Our next June Meeting will be on Saturday, June 15th, 2024. The May 18th Meeting is regretfully cancelled due to the unavailability of the Flowood Flynt Library Hall since Flowood Library is undertaking Annual Renovations.

At the last JPS Monthly Meeting held on April 20th, 2024, the attending members observed a moment of silence in memory of Late Mr. Aseem Puri, Husband of Ms. Rachana Puri, a JPS Member Program Coordinator who passed away on a visit to India in April 2024.

At the last April JPS Meeting on April 20th Monthly Meeting, Ugandhar presented the on the topic - "STAMPS OF VISUAL NATURE"

Ugandhar started the valuable presentation at 10:30 AM with a different perspective of the visual message the stamps provide.

Different ways of messaging printing deliberately in different media; For example **History** thru stamps, **Celebration of culture** like in India, Mexico, Nigeria, Pakistan; **Political propaganda** thru stamps like in Czechoslovakia, Philippines, Korean War; **Media** like in cartoons, peanut group, bugs bunny ; **Historical events** like Hubble telescope, Nasa launches , space telescope used to view Lunar eclipse; **Protests** for climate change, 19th amendment; **Awareness** of technology, healthcare, breast cancer research, wild animal preservation of tigers. All these stamps issued made the world aware of different issues facing the world.

Persons are you trying to fill in gaps in their collection, without paying the high prices at major stamp dealers like Kenmore or Mystic etcetera. Here is an alternative, which you may want to check out.

<https://stamps2go.com>: Lots of stamp dealers and collectors offering mint and used stamps, both US and international. Prices vary, from some stamp dealers asking catalog prices to collectors offering their extras often at 50% of catalog value. Payments are via PayPal and a \$1.50 fee for shipping and handling is added to an order.
